★ **Gov. Business POC:** Ward Brien

☎ **Phone:** (818) 359-0512

✉ **Email:** info@snipertools.com

📍 **Address:** Po Box 1647,  
Estes Park, CO, 80517

## Capability Statement

[www.mountainshootingcenter.com](http://www.mountainshootingcenter.com)

Originally designed for the training of Military Snipers deploying to high altitude mountains who planned to engage the enemy at steep angles (up or down), and at long distances, the "**Mountain Shooting Center**," (MSC) is a high altitude (9300' above sea level), long range, mountain shooting complex. We provide Long Range Shooting Experiences for Rifle Shooters interested in discovering "Long Range Shooting," and also Rifle Shooting Courses from beginner to advanced.

## CORE COMPETENCIES

- Precision Rifle / Precision Hunter / Sniper Training
- Precision Shooting Instruction
- Instruction of Ballistic Targeting Software
- Instruction of Handheld Pocket PC's
- Instruction about Understanding of Ballistics
- Transportation to and from ranges
- Night Shooting

### Flat Known Distance Range ~ Located at 9,300' ASL

- KD Range is 1,700 meters long
- 100 meter firing line increments

### Angle Down Ranges

- 20+ firing points
- 1 meter tall steel silhouettes + 15" tall dogs throughout
- Five different firing positions at each station
- At least five targets available for engagement at each station
- Target Distances out to 4000 meters & beyond
- Firing angles from 5 to 50 degrees

### Angle Up Ranges

- Consists of 25 designated positions where a sniper can engage targets (up).
- Target distances out to 4000 meters and beyond
- Firing angles from 5 to 50 degrees
- Angle up range encompasses approximately 1 mile of road from which a sniper can dismount and engage targets above them

## INSTRUCTOR(S)
